

## REMARKS

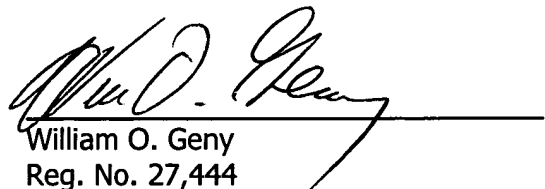

### In the Drawings

Eleven sheets of replacement drawings are submitted herewith.

The replacement sheets containing Fig. 1A and 1B and 9A-D are submitted in response to the Notice to File Missing Parts mailed May 5, 2004 noting defects in the figure labeling of the first sheet of drawings. On sheet 1, there was no label "Fig. 1B." The proffered replacement sheet corrects that defect.

Ten additional replacement sheets are submitted herewith – Figures 9, 11, 12, 13, 14, 15, 16, 16 A, 17 and 18. The sheet including Figure 9 has been relabeled to identify Figures 9A, 9B, 9C and 9D properly. The remaining sheets are submitted to correct the informalities in the originals of the referenced figures, to-wit: the handwritten item number labeling of the original drawings sheets for Figures 11-18 is corrected to printed labeling.

Respectfully submitted,
